PLSQ Templates (Product Line Specific Sales Quotes) templates

| |
|--|
| public |
| plsql_templates |
| plsqlt_id serial |
| country_id integer |
| currency_id integer |
| product_cat_id integer |
| product_line_id integer |
| plsqlt_name text |
| plsqlt_order_codes text |
| plsqlt_desc text |
| plsqlt_comment text |
| plsqlt_section_count integer |
| plsqlt_fbo_location text |
| plsqlt_as_of_date date |
| plsqlt_extrn_file_ref text |
| plsqlt_active boolean |
| plsqlt_version text |
| plsqlt_content text |
| plsqlt_status character varying(20) |
| status_datetime character varying(20) |
| last_update_datetime character varying(20) |
| last_update_user character varying(50) |
| plsqlt_enabled integer |

PLSQT Sections template sections

| |
|--|
| public |
| plsqt_sections |
| plsqt_id serial |
| plsqlt_id integer |
| section_type_id integer |
| plsqt_seqn integer |
| plsqt_alt_name text |
| plsqt_comment text |
| plsqt_use_alt_name boolean |
| plsqt_subsection_count integer |
| plsqt_active boolean |
| plsqt_version text |
| plsqt_extrn_file_ref text |
| plsqt_content text |
| plsqt_status character varying(20) |
| status_datetime character varying(20) |
| last_update_datetime character varying(20) |
| last_update_user character varying(50) |
| plsqt_enabled integer |

Product_Cat

| |
|--|
| public |
| product_cat |
| product_cat_id serial |
| product_cat_abbr character (3) |
| product_cat_name character varying(50) |
| last_update_datetime character varying(20) |
| last_update_user character varying(50) |
| product_cat_enabled integer |

Product_Line

| |
|--|
| public |
| product_line |
| product_line_id serial |
| product_cat_id integer |
| product_line_abbr character (3) |
| product_line_name character varying(20) |
| last_update_datetime character varying(20) |
| last_update_user character varying(50) |
| product_line_enabled integer |

PLSQTs Type

(word / excel) document_blob

| |
|-------------------------------------|
| document_blob |
| bytes bytea |
| sha256 bytea |
| size_bytes integer |
| content_type text |
| original_filename text |
| created_at timestamp with time zone |
| blob_id bigint |

| |
|--------------------------------------|
| document_blob_history |
| entity_type text |
| entity_id integer |
| blob_id bigint |
| replaced_at timestamp with time zone |
| replaced_by varchar(50) |
| history_id bigint |

document_blob_history

Users

| |
|--|
| public |
| users |
| user_id serial |
| username character varying(50) |
| password character varying(255) |
| role character varying(20) |
| last_update_datetime character varying(20) |
| last_update_user character varying(50) |

App Settings

| |
|-----------------------------|
| public |
| app_settings |
| name character varying(100) |
| value text |

section types

| |
|--|
| public |
| plsqtst_type |
| plsqtst_id serial |
| plsqtst_name character varying(50) |
| plsqtst_has_total_price boolean |
| plsqtst_has_lineitem_prices boolean |
| plsqtst_comment character varying(100) |
| extrn_file_ref character varying(500) |
| plsqtst_active boolean |
| plsqtst_version character varying(25) |
| last_update_datetime character varying(20) |
| last_update_user character varying(50) |

Country

| |
|--|
| public |
| country |
| country_id serial |
| country_abbr character(3) |
| country_name character varying(50) |
| currency_id integer |
| last_update_datetime character varying(20) |
| last_update_user character varying(50) |

country_conversion_pairs

| |
|-----------------------------|
| country_conversion_pairs |
| ccp_from_country_id integer |
| ccp_to_country_id integer |
| ccp_id integer |

price conversion factor values / history

| |
|-------------------------------|
| pconv_factor_values |
| pcf_id integer |
| ccp_id integer |
| pfc_from_date date |
| pfc_to_date date |
| pfc_multiplier_1 numeric(8,4) |
| pfc_multiplier_2 numeric(8,4) |
| pfv_id integer |

pconv_factor_values

price_conversion_factors

| |
|-----------------------------------|
| price_conv_factors |
| pc_factor_code varchar(3) |
| pc_factor_description varchar(40) |
| pcf_id integer |

customer_contact

| |
|---|
| customer_contact |
| cc_customer_name text |
| cc_company_name text |
| cc_phone_number text |
| cc_email_address text |
| cc_addr_line_1 varchar(55) |
| cc_addr_line_2 varchar(55) |
| cc_city varchar(40) |
| cc_state varchar(20) |
| cc_zip varchar(20) |
| cc_comment text |
| last_update_datetime timestamp with time zone |
| last_update_user varchar(50) |
| cc_id integer |

customer_quotes

| |
|---|
| customer_quotes |
| country_id integer |
| currency_id integer |
| product_cat_id integer |
| product_line_id integer |
| current_blob_id bigint |
